Veronica,

Here are my slides. I simply made the animations separate slides now. 12 minutes with some slides as quick passover slides no problem.

Thank you, Mark. I think I just saw you on Zoom. Might you log on again? And do you have 10 minutes to do a quick run-through with me?

Dear Mark,

I wanted to try you again in case my previous emails didn't get to you. In preparation for next Wednesday's PFASs webinar, could you try downloading the webinar software, Zoom, by clicking on <https://zoom.us/j/128807221> as soon as possible, and hopefully by tomorrow 12pm Eastern/9am Pacific? Please let me know whether it worked, and when you might have 20 minutes to do a dry run-through together before April 19.

Some institutions have firewalls that block their employees' access to Zoom. I very much hope this isn't true for you, and would strongly like to send an attendee email out tomorrow with the webinar access information.

I apologize for the short notice. Feel free to call me on my cell at [510-332-8986](tel:510-332-8986) any time after 7:30am Pacific tomorrow if you'd prefer.

Thank you very much,

Veronica
